INDEX

TO THE

AUCTION SALES, CONVEYANCES, LEASES, MORTGAGES, PROJECTED BUILDINGS,

Published in the

RECORD AND GUIDE

In Nos. 2390 to 2415, Inclusive.

VOLUME XCIII,

January to June, 1914, Inclusive.

NOS. 115 TO 119 WEST 40TH STREET.

Price of Index to each Semi-Annual Volume, $2.00.

LAWYERS TITLE INSURANCE & TRUST COMPANY

160 Broadway, New York

188 Montague Street, Brooklyn
1354 Broadway, Brooklyn
383 East 149th Street, Bronx
367 Fulton Street, Jamaica, Queens
120 Main Street, White Plains

MEMBER OF THE NEW YORK CLEARING HOUSE ASSOCIATION

Receives Deposits subject to Check or on Certificate, allowing interest thereon.
Designated Depository for moneys paid into Court and for money of Bankrupt Estates.
Lends on Approved Stocks and Corporation Bonds as Collateral.
Acts as Trustee, Guardian, Executor, Administrator, Assignee or Receiver, Transfer Agent or Registrar of Stocks of Corporations. Takes charge of Personal Securities.
Conserves the Professional Relations of Attorneys to their clients, in consultation with the Company's Counsel, in any business that may be placed with it.
Examines and Insures Titles to Real Property.
Lends Money on Bond and Mortgage.
Sells First Mortgages straight or guaranteed as to principal and interest, also guaranteed Mortgage Certificates from $50 up.
Its method of insurance is the strongest, because it is based on the safest examination and the most careful supervision.
Its information is the fullest, because it furnishes abstracts in addition to an opinion and a policy.
Its policies are universally accepted by individuals, trustees and corporations.
It has complete locality and nominal plants of the Counties of New York, Kings and Westchester.

Index to Vol. XCIII of the

Record and Guide

For Manhattan and the Bronx Auction Sales, Conveyances, Leases, Mortgages and Projected Buildings.

NOS. 2390 to 2415 JANUARY—JUNE, 1914, INCLUSIVE. VOL. XCIII.

PREFACE.

The following is the semi-annual Index of Volume XCIII of the Record and Guide, containing complete lists of the Auction sales, Conveyances, Leases, Mortgages and Buildings Projected in Manhattan and Bronx during the first six months of 1914. Those wishing to keep a file of past six months for permanent reference should see that all the numbers are complete and have them bound. Cost of binding, $3.50 per volume. A suitable temporary binder, holding one volume, can be obtained at the office, 115 to 119 West 40th Street; price, one dollar.

The Record and Guide is now published in two sections; Section One containing auction sales and projected buildings, Section Two containing conveyances, mortgages and leases.

The folios on both sections begin with page one, continuing consecutively up to the end of the volume.

In order that there may be no confusion all auction sales folios are preceded by an asterisk (*) and all projected buildings folios are preceded by a dagger (†). These marks indicate that these folios will be found in Section One, all folios not so marked will be found in Section Two.

THE KEY.

Auction Sales.

The * before any folio indicates an auction sale, which will be found in Section One.

Conveyances.

are distinguished by numbers without having signs attached thereto. In many instances there will be found streets, etc., indexed under pages which, on being examined, show at once that they are not in their proper order according to our customary alphabetical and numerical arrangement. A further examination will disclose the fact that while the properties appear more prominently under the other street descriptions, they nevertheless extend to the streets, etc., indicated by the Index, and having a frontage on same have been included in the paging, and it will necessitate a somewhat more thorough search than usual to locate it. The Leases, Mortgages, Auction Sales and Projected Buildings are indexed in a similar manner to the plan followed with the Conveyances.

Leases.

The figures in parenthesis denote that the transaction on the page given is Leasehold, an assignment of lease or a lease running for a short or long term of years. This explanation is made so that subscribers searching for transfers in fee can at once distinguish between the former and the latter without referring to the pages mentioned.

Mortgages.

Figures preceded by capital letters are mortgages, said capital letter indicating the first letter of the name of the mortgagor.

All the mortgages are indexed against the street or avenue in which the property is located, and memoranda added to enable searchers to find the particulars in "The Record and Guide." See "Example."

The streets and avenues are so subdivided that very few references are necessary. All readers of "The Record and Guide" are aware that the mortgages appear weekly in alphabetical and numerical order. This publication of an index against property completes the information which those interested may require.

Projected Buildings.

The † before any folio indicates a Projected Building, which will be found in Section One.

Example.

Water st, n s, Scammel to Jackson.. (52), 188, (215) 222, 282, B 287, B 288, *602, †797, †985.

Page *602, an auction sale, will be found
Pages 188, 222, 282 conveyances will be found
Pages B 287, B 288 mortgages will be found
Pages (52), (215), leases will be found
Pages †747, †985 plans for new buildings will be found

Auction Sales, Conveyances, Leases, Mortgages and Projected Buildings

BOROUGH OF MANHATTAN

STREETS

NOTE.—Longitudinal streets, roads and places, such as the Bowery, Boulevard, Broadway, etc., which run parallel with the various avenues, will be found in alphabetical order among the avenues.

EXPLANATIONS OF TERMS USED AND RULES FOLLOWED IN COMPILING RECORDS.

Q. C. is an abbreviation for Quit Claim deed, i. e., a deed wherein all the right, title and interest of the grantor is conveyed omitting all covenants and warranty.

C. a G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed consideration, he really grants or conveys the property for a valuable considcration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made of them by the Department of Public Works.

The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given. When the date of drawing is other than in the current year the stated year is given. When both the dates are in the same year the year follows the second date.

The figures in each conveyance, thus, 2:482—10, denote that the property mentioned is in section 2, block 482, lot 10.

It should also be noted in section and block numbers that the instrument as filed is strictly followed.

A $20,000—$30,000 indicates the assessed value of the property, the first figures being for the lot only and the second figures representing both lot and building. Letter P before second figure indicates that the property is assessed as in course of construction. Valuations are from the assessment roll of 1913.

T. S. preceding the consideration in a conveyance means that the deed or conveyance has been recorded under the Torrens System.

Flats and apartment houses are classified as tenements.

Residences as dwellings.

All Christian names, streets, avenues, states and months are abbreviated when possible, also in some instances names of Banks, Trusts and Insurance Companies.

The number in ( ) preceding the serial number to the right of the date line, at head of this page is the Index number for the Checking Index.

The Star following names of street or avenue in the Bronx Conveyances, Leases and Mortgages indicates that the property recorded is in the annexed district, for which there is no section or block number.

KEY TO ABBREVIATIONS USED.

(A)—attorney.
A.L.—all liens.
AT—all title.
ano—another.
av—avenue.
admr—administrator.
admtrx—administratrix.

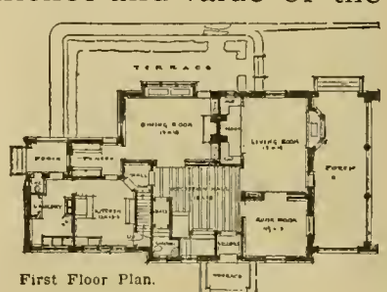
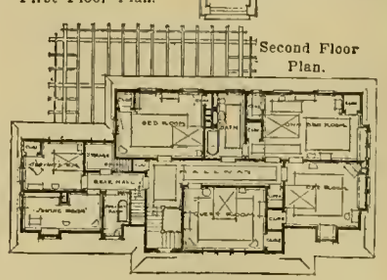
IMPORTANT TO THOSE WHO EXPECT TO BUILD

WHEN PLANNING TO BUILD, you will find it of **great value** to first make a careful **personal** study of the illustrations of houses, etc., that have been designed and built by a **number** of leading architects, and to also learn **their** ideas regarding the best interior arrangement and the most appropriate furnishings. This important information, which would greatly aid you in deciding about **your own** building plans, when you take them up with your own architect and builder, can easily be obtained from the **several hundred** exterior and interior designs that are beautifully illustrated in the last six numbers of the



Architectural Record



The National Magazine for Architects, Owners and Builders

A Powerful Business Producer for those firms whose products are used in Building Construction, Equipment or Furnishing
GUARANTEED CIRCULATION EXCEEDS 11,000 MONTHLY.

In these six numbers are **also** illustrated and described the numerous building-specialties that add very much to the comfort, convenience and value of the modern home, without materially increasing the initial cost; and **this** information **may** mean the **saving** of many dollars to **you.**

First Floor Plan.

Second Floor Plan.

FIRST AND SECOND FLOOR PLANS
GREATLY REDUCED

Our Special Offer

We have a limited supply of these sets of six (including the October COUNTRY HOUSE NUMBER), which are invaluable to those who expect to build or make alterations. Although the **regular** price is $1.50, we make **you** a **special** offer of $1.00 for the six, while the sets last, if you will mention *Record and Guide.* They will soon be sold. Send us your order today, tomorrow may be too late.

THIS $1.00 SHOULD SAVE YOU HUNDREDS

THE ARCHITECTURAL RECORD
119 WEST FORTIETH STREET.

Enclosed is $1.00, for which please mail your last six numbers (including the October COUNTRY HOUSE NUMBER), according to special offer in *Record and Guide.*

EXPLANATIONS OF TERMS USED AND RULES FOLLOWED IN COMPILING RECORDS.

Q. C. is an abbreviation for Quit Claim deed, i. e., a deed wherein all the right, title and interest of the grantor is conveyed omitting all covenants and warranty.

C. a G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed consideration, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made of them by the Department of Public Works.

The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given. When the date of drawing is other than in the current year the stated year is given. When both the dates are in the same year the year follows the second date.

The figures in each conveyance, thus, 2:482—10, denote that the property mentioned is in section 2, block 482, lot 10.

It should also be noted in section and block numbers that the instrument as filed is strictly followed.

A $20,000—$30,000 indicates the assessed value of the property, the first figures being for the lot only and the second figures representing both lot and building. Letter P before second figure indicates that the property is assessed as in course of construction. Valuations are from the assessment roll of 1913.

T. S. preceding the consideration in a conveyance means that the deed or conveyance has been recorded under the Torrens System.

Flats and apartment houses are classified as tenements.

Residences as dwellings.

All Christian names, streets, avenues, states and months are abbreviated when possible, also in some instances names of Banks, Trusts and Insurance Companies.

The number in ( ) preceding the serial number to the right of the date line, at head of this page is the Index number for the Checking Index.

The Star following names of street or avenue in the Bronx Conveyances, Leases and Mortgages indicates that the property recorded is in the annexed district, for which there is no section or block number.

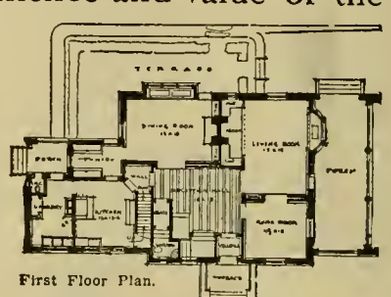
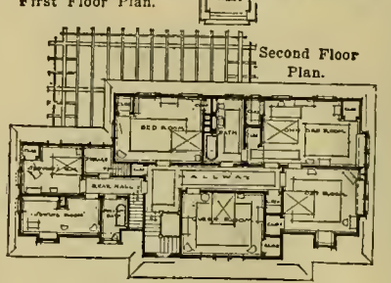
IMPORTANT TO THOSE WHO EXPECT TO BUILD

WHEN PLANNING TO BUILD, you will find it of **great value** to first make a careful **personal** study of the illustrations of houses, etc., that have been designed and built by a **number** of leading architects, and to also learn **their** ideas regarding the best interior arrangement and the most appropriate furnishings. This important information, which would greatly aid you in deciding about **your own** building plans, when you take them up with your own architect and builder, can easily be obtained from the **several hundred** exterior and interior designs that are beautifully illustrated in the last six numbers of the



Architectural Record



The National Magazine for Architects, Owners and Builders

A Powerful Business Producer for those firms whose products are used in Building Construction, Equipment or Furnishing
GUARANTEED CIRCULATION EXCEEDS 11,000 MONTHLY.

In these six numbers are **also** illustrated and described the numerous building-specialties that add very much to the comfort, convenience and value of the modern home, without materially increasing the initial cost; and **this** information **may** mean the **saving** of many dollars to **you.**

First Floor Plan.

Second Floor Plan.

FIRST AND SECOND FLOOR PLANS GREATLY REDUCED

Our Special Offer

We have a limited supply of these sets of six (including the October COUNTRY HOUSE NUMBER), which are invaluable to those who expect to build or make alterations. Although the **regular** price is $1.50, we make **you** a **special** offer of $1.00 for the six, while the sets last, if you will mention *Record and Guide.* They will soon be sold. Send us your order today, tomorrow may be too late.

THIS $1.00 SHOULD SAVE YOU HUNDREDS

THE ARCHITECTURAL RECORD
119 WEST FORTIETH STREET.

Enclosed is $1.00, for which please mail your last six numbers (including the October COUNTRY HOUSE NUMBER), according to special offer in *Record and Guide.*

EXPLANATIONS OF TERMS USED AND RULES FOLLOWED IN COMPILING RECORDS.

Q. C. is an abbreviation for Quit Claim deed, i. e., a deed wherein all the right, title and interest of the grantor is conveyed omitting all covenants and warranty.

C. a G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed consideration, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made of them by the Department of Public Works.

The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given. When the date of drawing is other than in the current year the stated year is given. When both the dates are in the same year the year follows the second date.

The figures in each conveyance, thus, 2:482—10, denote that the property mentioned is in section 2, block 482, lot 10.

It should also be noted in section and block numbers that the instrument as filed is strictly followed.

A $20,000—$30,000 indicates the assessed value of the property, the first figures being for the lot only and the second figures representing both lot and building. Letter P before second figure indicates that the property is assessed as in course of construction. Valuations are from the assessment roll of 1913.

T. S. preceding the consideration in a conveyance means that the deed or conveyance has been recorded under the Torrens System.

Flats and apartment houses are classified as tenements.

Residences as dwellings.

All Christian names, streets, avenues, states and months are abbreviated when possible, also in some instances names of Banks, Trusts and Insurance Companies.

The number in ( ) preceding the serial number to the right of the date line, at head of this page is the Index number for the Checking Index.

The Star following names of street or avenue in the Bronx Conveyances, Leases and Mortgages indicates that the property recorded is in the annexed district, for which there is no section or block number.

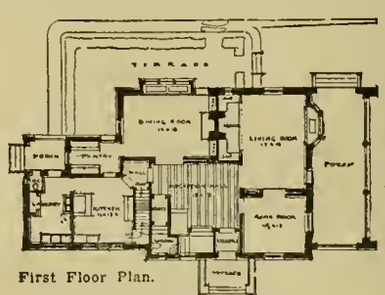
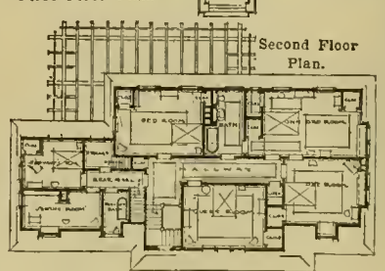
IMPORTANT TO THOSE WHO EXPECT TO BUILD

WHEN PLANNING TO BUILD, you will find it of **great value** to first make a careful **personal** study of the illustrations of houses, etc., that have been designed and built by a **number** of leading architects, and to also learn **their** ideas regarding the best interior arrangement and the most appropriate furnishings. This important information, which would greatly aid you in deciding about **your own** building plans, when you take them up with your own architect and builder, can easily be obtained from the **several hundred** exterior and interior designs that are beautifully illustrated in the last six numbers of the



Architectural Record



The National Magazine for Architects, Owners and Builders

A Powerful Business Producer for those firms whose products are used in Building Construction, Equipment or Furnishing
GUARANTEED CIRCULATION EXCEEDS 11,000 MONTHLY.

In these six numbers are **also** illustrated and described the numerous building-specialties that add very much to the comfort, convenience and value of the modern home, without materially increasing the initial cost; and **this** information **may** mean the **saving** of many dollars to **you.**

First Floor Plan.

Second Floor Plan.

FIRST AND SECOND FLOOR PLANS
GREATLY REDUCED

Our Special Offer

We have a limited supply of these sets of six (including the October COUNTRY HOUSE NUMBER), which are invaluable to those who expect to build or make alterations. Although the **regular** price is $1.50, we make **you** a **special** offer of $1.00 for the six, while the sets last, if you will mention *Record and Guide*. They will soon be sold. Send us your order today, tomorrow may be too late.

THIS $1.00 SHOULD SAVE YOU HUNDREDS

THE ARCHITECTURAL RECORD
119 WEST FORTIETH STREET.

Enclosed is $1.00, for which please mail your last six numbers (including the October COUNTRY HOUSE NUMBER), according to special offer in *Record and Guide.*

EXPLANATIONS OF TERMS USED AND RULES FOLLOWED IN COMPILING RECORDS.

Q. C. is an abbreviation for Quit Claim deed, i. e., a deed wherein all the right, title and interest of the grantor is conveyed omitting all covenants and warranty.

C. a G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed consideration, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made of them by the Department of Public Works.

The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given. When the date of drawing is other than in the current year the stated year is given. When both the dates are in the same year the year follows the second date.

The figures in each conveyance, thus, 2:482—10, denote that the property mentioned is in section 2, block 482, lot 10.

It should also be noted in section and block numbers that the instrument as filed is strictly followed.

A $20,000—$30,000 indicates the assessed value of the property, the first figures being for the lot only and the second figures representing both lot and building. Letter P before second figure indicates that the property is assessed as in course of construction. Valuations are from the assessment roll of 1913.

T. S. preceding the consideration in a conveyance means that the deed or conveyance has been recorded under the Torrens System.

Flats and apartment houses are classified as tenements.

Residences as dwellings.

All Christian names, streets, avenues, states and months are abbreviated when possible, also in some instances names of Banks, Trusts and Insurance Companies.

The number in ( ) preceding the serial number to the right of the date line, at head of this page is the Index number for the Checking Index.

The Star following names of street or avenue in the Bronx Conveyances, Leases and Mortgages indicates that the property recorded is in the annexed district, for which there is no section or block number.

O C & 100—other consideration and $100.

CONVEYANCES.

Borough of Manhattan.

We print the names and addresses of the owner exactly as recorded, both are, however, verified and where name or address is found to be incorrect or fictitious the correction is printed in brackets immediately following the part of name or address of which it is a correction.

Conveyances marked with an * are being investigated and if found incorrect will be shown in a later issue.

EXPLANATIONS OF TERMS USED AND RULES FOLLOWED IN COMPILING RECORDS.

Q. C. is an abbreviation for Quit Claim deed, i. e., a deed wherein all the right, title and interest of the grantor is conveyed omitting all covenants and warranty.

C. a G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed consideration, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made of them by the Department of Public Works.

The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given. When the date of drawing is other than in the current year the stated year is given. When both the dates are in the same year the year follows the second date.

The figures in each conveyance, thus, 2:482—10, denote that the property mentioned is in section 2, block 482, lot 10.

It should also be noted in section and block numbers that the instrument as filed is strictly followed.

A $20,000—$30,000 indicates the assessed value of the property, the first figures being for the lot only and the second figures representing both lot and building. Letter P before second figure indicates that the property is assessed as in course of construction. Valuations are from the assessment roll of 1913.

T. S. preceding the consideration in a conveyance means that the deed or conveyance has been recorded under the Torrens System.

Flats and apartment houses are classified as tenements.

Residences as dwellings.

All Christian names, streets, avenues, states and months are abbreviated when possible, also in some instances names of Banks, Trusts and Insurance Companies.

The number in ( ) preceding the serial number to the right of the date line, at head of this page is the Index number for the Checking Index.

The Star following names of street or avenue in the Bronx Conveyances, Leases and Mortgages indicates that the property recorded is in the annexed district, for which there is no section or block number.

KEY TO ABBREVIATIONS USED.

(A)—attorney.
A.L.—all liens.
AT—all title.
ano—another.
av—avenue.
admr—administrator.
admtrx—administratrix.
agmt—agreement.
A—assessed value.

st—street.
TS—Torrens System.
T &c—taxes, etc.
tnts—tenements.
w—west.
y—years.
O C & 100—other consideration and $100.

CONVEYANCES.

We print the names and addresses of the owner exactly as recorded, both are, however, verified and where name or address is found to be incorrect or fictitious the correction is printed in brackets immediately following the part of name or address of which it is a correction.

Conveyances marked with an * are being investigated and if found incorrect will be shown in a later issue.

EXPLANATIONS OF TERMS USED AND RULES FOLLOWED IN COMPILING RECORDS.

Q. C. is an abbreviation for Quit Claim deed, i. e., a deed wherein all the right, title and interest of the grantor is conveyed omitting all covenants and warranty.

C. a G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed consideration, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made of them by the Department of Public Works.

The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given. When the date of drawing is other than in the current year the stated year is given. When both the dates are in the same year the year follows the second date.

The figures in each conveyance, thus, 2:482—10, denote that the property mentioned is in section 2, block 482, lot 10.

It should also be noted in section and block numbers that the instrument as filed is strictly followed.

A $20,000—$30,000 indicates the assessed value of the property, the first figures being for the lot only and the second figures representing both lot and building. Letter P before second figure indicates that the property is assessed as in course of construction. Valuations are from the assessment roll of 1913.

T. S. preceding the consideration in a conveyance means that the deed or conveyance has been recorded under the Torrens System.

Flats and apartment houses are classified as tenements.

Residences as dwellings.

All Christian names, streets, avenues, states and months are abbreviated when possible, also in some instances names of Banks, Trusts and Insurance Companies.

The number in ( ) preceding the serial number to the right of the date line, at head of this page is the Index number for the Checking Index.

The Star following names of street or avenue in the Bronx Conveyances, Leases and Mortgages indicates that the property recorded is in the annexed district, for which there is no section or block number.

KEY TO ABBREVIATIONS USED.

(A)—attorney.
A.L.—all liens.

EXPLANATIONS OF TERMS USED AND RULES FOLLOWED IN COMPILING RECORDS.

Q. C. is an abbreviation for Quit Claim deed, i. e., a deed wherein all the right, title and interest of the grantor is conveyed omitting all covenants and warranty.

C. a G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed consideration, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made of them by the Department of Public Works.

The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given. When the date of drawing is other than in the current year the stated year is given. When both the dates are in the same year the year follows the second date.

The figures in each conveyance, thus, 2:482—10, denote that the property mentioned is in section 2, block 482, lot 10.

It should also be noted in section and block numbers that the instrument as filed is strictly followed.

A $20,000—$30,000 indicates the assessed value of the property, the first figures being for the lot only and the second figures representing both lot and building. Letter P before second figure indicates that the property is assessed as in course of construction. Valuations are from the assessment roll of 1913.

T. S. preceding the consideration in a conveyance means that the deed or conveyance has been recorded under the Torrens System.

Flats and apartment houses are classified as tenements.

Residences as dwellings.

All Christian names, streets, avenues, states and months are abbreviated when possible, also in some instances names of Banks, Trusts and Insurance Companies

The number in ( ) preceding the serial number to the right of the date line, at head of this page is the Index number for the Checking Index.

The Star following names of street or avenue in the Bronx Conveyances, Leases and Mortgages indicates that the property recorded is in the annexed district, for which there is no section or block number.

KEY TO ABBREVIATIONS USED.

(A)—attorney.
A.L.—all liens.
AT—all title.
ano—another.

CONVEYANCES.

We print the names and addresses of the owner exactly as recorded, both are, however, verified and where name or address is found to be incorrect or fictitious the correction is printed in brackets immediately following the part of name or address of which it is a correction.

Conveyances marked with an * are being investigated and if found incorrect will be shown in a later issue.

EXPLANATIONS OF TERMS USED AND RULES FOLLOWED IN COMPILING RECORDS.

Q. C. is an abbreviation for Quit Claim deed, i. e., a deed wherein all the right, title and interest of the grantor is conveyed omitting all covenants and warranty.

C. a G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed consideration, he really grants or conveys the property for a valuable considcration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made of them by the Department of Public Works.

The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only cne is given. When the date of drawing is other than in the current year the stated year is given. When both the dates are in the same year the year follows the second date.

The figures in each conveyance, thus, 2:482—10, denote that the property mentioned is in section 2, block 482, lot 10.

It should also be noted in section and block numbers that the instrument as filed is strictly followed.

A $20,000—$30,000 indicates the assessed value of the property, the first figures being for the lot only and the second figures representing both lot and building. Letter P before second figure indicates that the property is assessed as in course of construction. Valuations are from the assessment roll of 1913.

T. S. preceding the consideration in a conveyance means that the deed or conveyance has been recorded under the Torrens System.

Flats and apartment houses are classified as tenements.

Residences as dwellings.

All Christian names, streets, avenues, states and months are abbreviated when possible, also in some instances names of Banks, Trusts and Insurance Companies.

The number in ( ) preceding the serial number to the right of the date line, at head of this page is the Index number for the Checking Index.

The Star following names of street or avenue in the Bronx Conveyances, Leases and Mortgages indicates that the property recorded is in the annexed district, for which there is no section or block number.

KEY TO ABBREVIATIONS USED.

(A)—attorney.
A.L.—all liens.

EXPLANATIONS OF TERMS USED AND RULES FOLLOWED IN COMPILING RECORDS.

Q. C. is an abbreviation for Quit Claim deed, i. e., a deed wherein all the right, title and interest of the grantor is conveyed omitting all covenants and warranty.

C. a G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed consideration, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made of them by the Department of Public Works.

The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given. When the date of drawing is other than in the current year the stated year is given. When both the dates are in the same year the year follows the second date.

The figures in each conveyance, thus, 2:482—10, denote that the property mentioned is in section 2, block 482, lot 10.

It should also be noted in section and block numbers that the instrument as filed is strictly followed.

A $20,000—$30,000 indicates the assessed value of the property, the first figures being for the lot only and the second figures representing both lot and building. Letter P before second figure indicates that the property is assessed as in course of construction. Valuations are from the assessment roll of 1913.

T. S. preceding the consideration in a conveyance means that the deed or conveyance has been recorded under the Torrens System.

Flats and apartment houses are classified as tenements.

Residences as dwellings.

All Christian names, streets, avenues, states and months are abbreviated when possible, also in some instances names of Banks, Trusts and Insurance Companies.

The number in ( ) preceding the serial number to the right of the date line, at head of this page is the Index number for the Checking Index.

The Star following names of street or avenue in the Bronx Conveyances, Leases and Mortgages indicates that the property recorded is in the annexed district, for which there is no section or block number.

KEY TO ABBREVIATIONS USED.

(A)—attorney.
A.L.—all liens.
AT—all title.
ano—another.
av—avenue.
admr—administrator.
admtrx—administratrix.
agmt—agreement.

CONVEYANCES.

We print the names and addresses of the owner exactly as recorded, both are, however, verified and where name or address is found to be incorrect or fictitious the correction is printed in brackets immediately following the part of name or address of which it is a correction.

Conveyances marked with an * are being investigated and if found incorrect will be shown in a later issue.

EXPLANATIONS OF TERMS USED AND RULES FOLLOWED IN COMPILING RECORDS.

Q. C. is an abbreviation for Quit Claim deed, i. e., a deed wherein all the right, title and interest of the grantor is conveyed omitting all covenants and warranty.

C. a G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed consideration, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made of them by the Department of Public Works.

The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given. When the date of drawing is other than in the current year the stated year is given. When both the dates are in the same year the year follows the second date.

The figures in each conveyance, thus, 2:482—10, denote that the property mentioned is in section 2, block 482, lot 10.

It should also be noted in section and block numbers that the instrument as filed is strictly followed.

A $20,000—$30,000 indicates the assessed value of the property, the first figures being for the lot only and the second figures representing both lot and building. Letter P before second figure indicates that the property is assessed as in course of construction. Valuations are from the assessment roll of 1913.

T. S. preceding the consideration in a conveyance means that the deed or conveyance has been recorded under the Torrens System.

Flats and apartment houses are classified as tenements.

Residences as dwellings.

All Christian names, streets, avenues, states and months are abbreviated when possible, also in some instances names of Banks, Trusts and Insurance Companies.

The number in ( ) preceding the serial number to the right of the date line, at head of this page is the Index number for the Checking Index.

The Star following names of street or avenue in the Bronx Conveyances, Leases and Mortgages indicates that the property recorded is in the annexed district, for which there is no section or block number.

KEY TO ABBREVIATIONS USED.

(A)—attorney.
A.L.—all liens.
AT—all title.
ano—another.

y—years.
O C & 100—other consideration and $100.

CONVEYANCES.

We print the names and addresses of the owner exactly as recorded, both are, however, verified and where name or address is found to be incorrect or fictitious the correction is printed in brackets immediately following the part of name or address of which it is a correction.

Conveyances marked with an * are being investigated and if found incorrect will be shown in a later issue.

EXPLANATIONS OF TERMS USED AND RULES FOLLOWED IN COMPILING RECORDS.

Q. C. is an abbreviation for Quit Claim deed, i. e., a deed wherein all the right, title and interest of the grantor is conveyed omitting all covenants and warranty.

C. a G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed consideration, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made of them by the Department of Public Works.

The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given. When the date of drawing is other than in the current year the stated year is given. When both the dates are in the same year the year follows the second date.

The figures in each conveyance, thus, 2:482—10, denote that the property mentioned is in section 2, block 482, lot 10.

It should also be noted in section and block numbers that the instrument as filed is strictly followed.

A $20,000—$30,000 indicates the assessed value of the property, the first figures being for the lot only and the second figures representing both lot and building. Letter P before second figure indicates that the property is assessed as in course of construction. Valuations are from the assessment roll of 1913.

T. S. preceding the consideration in a conveyance means that the deed or conveyance has been recorded under the Torrens System.

Flats and apartment houses are classified as tenements.

Residences as dwellings.

All Christian names, streets, avenues, states and months are abbreviated when possible, also in some instances names of Banks, Trusts and Insurance Companies.

The number in ( ) preceding the serial number to the right of the date line, at head of this page is the Index number for the Checking Index.

The Star following names of street or avenue in the Bronx Conveyances, Leases and Mortgages indicates that the property recorded is in the annexed district, for which there is no section or block number.

KEY TO ABBREVIATIONS USED.

CONVEYANCES.

We print the names and addresses of the owner exactly as recorded, both are, however, verified and where name or address is found to be incorrect or fictitious the correction is printed in brackets immediately following the part of name or address of which it is a correction.

Conveyances marked with an * are being investigated and if found incorrect will be shown in a later issue.

EXPLANATIONS OF TERMS USED AND RULES FOLLOWED IN COMPILING RECORDS.

Q. C. is an abbreviation for Quit Claim deed, i. e., a deed wherein all the right, title and interest of the grantor is conveyed omitting all covenants and warranty.

C. a G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed consideration, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the insurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made of them by the Department of Public Works.

The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given. When the date of drawing is other than in the current year the stated year is given. When both the dates are in the same year the year follows the second date.

The figures in each conveyance, thus, 2:482—10, denote that the property mentioned is in section 2, block 482, lot 10.

It should also be noted in section and block numbers that the instrument as filed is strictly followed.

A $20,000—$30,000 indicates the assessed value of the property, the first figures being for the lot only and the second figures representing both lot and building. Letter P before second figure indicates that the property is assessed as in course of construction. Valuations are from the assessment roll of 1913.

T. S. preceding the consideration in a conveyance means that the deed or conveyance has been recorded under the Torrens System.

Flats and apartment houses are classified as tenements.

Residences as dwellings.

All Christian names, streets, avenues, states and months are abbreviated when possible, also in some instances names of Banks, Trusts and Insurance Companies.

The number in ( ) preceding the serial number to the right of the date line, at head of this page is the Index number for the Checking Index.

The Star following names of street or avenue in the Bronx Conveyances, Leases and Mortgages indicates that the property recorded is in the annexed district, for which there is no section or block number.

CONVEYANCES.

Borough of Manhattan.

We print the names and addresses of the owner exactly as recorded, both are, however, verified and where name or address is found to be incorrect or fictitious the correction is printed in brackets immediately following the part of name or address of which it is a correction.

Conveyances marked with an * are being investigated and if found incorrect will be shown in a later issue.

EXPLANATIONS OF TERMS USED AND RULES FOLLOWED IN COMPILING RECORDS.

Q. C. is an abbreviation for Quit Claim deed, i. e., a deed wherein all the right, title and interest of the grantor is conveyed omitting all covenants and warranty.

C. a G. means a deed containing Covenant against Grantor only, in which he covenants that he hath not done any act whereby the estate conveyed may be impeached, charged or encumbered.

B. & S. is an abbreviation for Bargain and Sale deed, wherein, although the seller makes no expressed consideration, he really grants or conveys the property for a valuable consideration, and thus impliedly claims to be the owner of it.

The street and avenue numbers given in these lists are, in all cases, taken from the ineurance maps when they are not mentioned in the deeds. The numbers, it will occasionally be found, do not correspond with the existing ones, owing to there having been no official designation made of them by the Department of Public Works.

The first date is the date the deed was drawn. The second date is the date of filing same. When both dates are the same, only one is given. When the date of drawing is other than in the current year the stated year is given. When both the dates are in the same year the year follows the second date.

The figures in each conveyance, thus, 2:482—10, denote that the property mentioned is in section 2, block 482, lot 10.

It should also be noted in section and block numbers that the instrument as filed is strictly followed.

A $20,000—$30,000 indicates the assessed value of the property, the first figures being for the lot only and the second figures representing both lot and building. Letter P before second figure indicates that the property is assessed as in course of construction. Valuations are from the assessment roll of 1913.

T. S. preceding the consideration in a conveyance means that the deed or conveyance has been recorded under the Torrens System.

Flats and apartment houses are classified as tenements.

Residences as dwellings.

All Christian names, streets, avenues, states and months are abbreviated when possible, also in some instances names of Banks, Trusts and Insurance Companies.

The number in ( ) preceding the serial number to the right of the date line, at head of this page is the Index number for the Checking Index.

The Star following names of street or avenue in the Bronx Conveyances, Leases and Mortgages indicates that the property recorded is in the annexed district, for which there is no section or block number.
